

COVID-19 RESPONSE: Our Commitment to Hong Kong

Our Safety Precautions

1. Health: In addition to taking daily temperature checks of everyone who enters our space, we are requiring all staff, members and guests to sign a declaration confirming they are symptom-free, have not travelled outside of Hong Kong during the past 14 days, and have not knowing been in contact with anyone who has done so.
2. Cleaning: We are conducting additional cleaning with 75% alcohol solution in all areas of the space throughout the day, including hourly cleaning of door handles and buttons. Hand sanitizer is freely available to all who come in.
3. Distancing: We are restarting our events and activities with restricted numbers, and have introduced reduced seating capacity and new desk dividers at our hotdesks.

2020 Business Continuity Scheme

Banyan Workspace was inspired by Hong Kong and is dedicated to Hong Kong, with a strong commitment to supporting local business. We understand the difficulties that the current pandemic has inflicted on business operations, both in Hong Kong and internationally. If your company is struggling to find a path through these uncertain times, we can provide viable ways to give some relief, helping you gain the support you require.
